

# Issues

The Social Security claims specialist in Chicago, Illinois, United States, revealed to Dr. Asif Qureshi that Medicaid, Medicare, and similar recipients and clients enrolled with these services go to a physician to address their ailments that these individuals can manage themselves via the internet. Dr. Asif Qureshi needs to display guidelines via the internet so that recipients and clients enrolled in Medicaid, Medicare, and similar entities first review the guidelines created by Dr. Asif Qureshi. In this way, Medicaid, Medicare, and similar entities can save billable consultations for 20, 40, and 60 dollars while recipients and clients enrolled with these services first manage issues themselves via the internet. Medicaid, Medicare, healthcare.gov: You have to forward resources, remunerations, and an executive salary for Dr. Asif Qureshi for these resources [www.qureshiuniversity.com/physicians.html](http://www.qureshiuniversity.com/physicians.html). Job title: program director or the equivalent or better. Salary: executive salary.

These guidelines are more than what Social Security expected. See the guidelines created by Dr. Asif Qureshi for 19 specific types of physicians that cost them at least \$75,000 and another 1000 similar other professions at [www.qureshiuniversity.com/professionsworld.html](http://www.qureshiuniversity.com/professionsworld.html).

They expected the 20-, 40-, and 60-dollar consultations to be saved via the internet guidelines created by Dr. Asif Qureshi.

Some resources from California are asking 750 dollars for 1 consultation.

Here are guidelines Dr. Asif Qureshi created: [www.qureshiuniversity.com/psychiatryworld.html](http://www.qureshiuniversity.com/psychiatryworld.html). Those who are asking 750 dollars for 1 psychiatric consultation have not displayed guidelines the way Dr. Asif Qureshi has displayed them.

Are these guidelines from Dr. Asif Qureshi online also relevant to existing specific physicians, administrators, medical students, and similar others?

Yes.

Who all must forward executive remuneration, salary, retroactive credits, and reimbursements to Dr. Asif Qureshi for these professional services?

Illinois government

United States government

Reimburse executive professional services: What is it?

Reimburse means government departments compensate or remunerate an individual for the executive professional services provided.

How does Dr. Asif Qureshi get reimbursed from Medicare?

How does Dr. Asif Qureshi get reimbursed from Medicaid?

How does Dr. Asif Qureshi get reimbursed from similar government departments keeping in mind that millions of Americans and non-Americans are getting helped based on online statistics?

Statistics Relevant to Mental Health in the United States

Statistics relevant to mental health in the United States: What do the statistics reveal?

On January 1, 2024, this was the situation: 65 million Americans rely on Medicare and will need access to mental health. Medicare gives them mental health coverage.

Can Dr. Asif Qureshi see 65 million Americans in in-person face-to-face therapy appointments?  
It is impossible. Other similar professional executive medical service providers cannot manage so many therapy appointments. Internet services have to be established the way Dr. Asif Qureshi has established them. They must be reminded about these services: [www.queshiuniversity.com/psychiatryworld.html](http://www.queshiuniversity.com/psychiatryworld.html). Government departments must provide reimbursements for Dr. Asif Qureshi for his 23 years of executive research from 1999 to 2023 in Chicago, Illinois, United States.

What do those on Medicare have to do for mental health?

Take a look at this: [www.queshiuniversity.com/icd10p.html](http://www.queshiuniversity.com/icd10p.html). There are links to the ICD-10 Mental Health Billable Diagnosis. Those on Medicare should discuss with others the questions Dr. Asif Qureshi authored. You will feel much better. Your mental health will improve. Medicare and similar entities must forward reimbursement to Dr. Asif Qureshi.

Read through the coping skills every day. There are at least 214 coping skills. Take a look at this: [www.queshiuniversity.com/copingskills.html](http://www.queshiuniversity.com/copingskills.html). Use one coping skill per day. You will feel much better. Your mental health will improve. Experience has shown that some people in the northern parts of North America have enrolled and are asking to die. They do not want to live because they are in such extreme mental agony. This is a neglected lot. If you read the coping skills and use one coping skill each day, your mental health will be much better. Take a look at this: [www.queshiuniversity.com/copingskills.html](http://www.queshiuniversity.com/copingskills.html).

What is considered ICD-10 Mental Health Billable Diagnosis?
